

How to log in to the Lilith server:

archlinux login: ↗↘↗↘*ℳ

Password: ‡△Ϸ⋈↻*℥‡↘℥

Note: When you type the password in, it will look like nothing's happening at all. This is normal. Type the password and press enter. If you got it right, it will log you in. If you got it wrong, don't worry: you'll be able to try again.
